

FIRST INSTITUTE OF SCHEMA THERAPY

CZECH REPUBLIC & SLOVAKIA

International Society of
Schema Therapy

INTRODUCTION TO GROUP SCHEMA THERAPY

with Dr. Joan Farrell & Ida Shaw

Schema Therapy Institute Midwest -Indianapolis

International Society of Schema Therapy Certified Training Program Group Schema Therapy

Sponsored by the **First Institute of Schema Therapy the Czech Republic & Slovakia**

Accredited by the ISST to provide Individual Schema Therapy Certification Training

Directed by Dr. Beata Paskova

September 13-15, 2019 in Prague

This 3 day training offers you the opportunity to learn Group ST from the developers of the model and the authors of the two books on Group ST. Joan & Ida will be significantly limiting their international travel after this year, so this may be the last time to attend the introduction to GST with them in Europe. Dr. Paskova trained with Farrell & Shaw beginning in 2013.

The training will be in English with translation to Czech. The first two days of training will consist of the use of ST interventions in a group including many demonstrations by Joan and Ida, which you will participate in playing patient group members. The third day is self-practice where you will participate in a ST

group led by Joan and Ida as yourself. This is a requirement of ISST GST certification. These 3 days complete the ISST Certification curriculum for Standard level GST certification. Those who did not complete GST Day 1 in Prague in April must attend the webinar offered in early September to fulfill that requirement.

You can find more information about Joan&Ida and the GST Certification Curriculum on Institute website. The Advanced Training modules will be offered in 2020. Supervision for certification will be available to those enrolled in the institute's training program.

INDIVIDUAL SCHEMA THERAPY CERTIFICATION TRAINING: BEYOND THE BASICS MODULE 2

With Dr. Beata Paskova and Dr. Joan Farrell

First Institute of Schema Therapy the Czech Republic & Slovakia

September 9-11, In Prague, Czech Republic

This 3 day training module completes the didactic/dyadic training component of ISST Certification for those who have attended Module 1. Module 1 will be offered soon in Slovakia.

The required supervision for certification is available to those enrolled in the institute's training program from Dr. Paskova in Czech or English and Dr. Farrell in English.

The Prague training will be given in English with Czech translation. Module 1 in Slovakia will be in Slovak. Dr. Paskova is trilingual in Czech, Slovak and English. She was born in Kosice and trained and worked in Prague and London.
